**FOR IMMEDIATE RELEASE**

## Angel 7 Industries, Force 21 Enter into Partnership for Representation in Singapore, Brunei, Qatar, and Thailand.

(San Antonio, Texas, October 24, 2015) – **A7 Defense & Aerospace**, a division of Angel 7 industries, LLC (A7) has entered into a partnership with Force 21 to supply Pacific Rim, allied countries with A7's state-of-the-art and next generation military and tactical products and solutions. This mutually beneficial relationship will enhance A7's market position internationally and will provide Pacific Rim customers with enhanced support and faster response time with regards to A7's cutting edge products.

Force 21's management has expressed their enthusiasm of the partnership with A7, stating "Force 21 continuously strives to be the driving force behind our armed forces and home team agencies. A7 offers cutting edge technologies and products that greatly enhance force effectiveness. There is a natural synergy between Force 21 and Angel 7 that is best represented by our partnership. We are pleased to be partners of A7 and aiding our armed forces and law enforcement agencies in carrying out their work safely and effectively 24/7."

**Force 21**, winner of the Singapore Promising Brand Award (SPBA), is a leading international supplier of gear and equipment for the security, defense and rescue industries. As part of the CWT Defense Services, Force 21 displays a strength rooted in offering high quality, ready-made, and innovative products and solutions customized to exact specifications. Force 21's business units are Tactical & Field Systems, Homeland Security and FiTSA. Tactical Systems and Field Systems works with clients to develop customized solutions to enhance force effectiveness through technology, soldier performance and operational gear optimization. Homeland Security offers advanced solutions to help put in place tight security for communication systems and emergency management. FiTSA assists in improving the health and fitness of uniformed personnel, community, schools and the general public.

**Angel 7 Industries, LLC. (A7)** is a privately held technology think tank and research and development firm that was founded by Kerry Harris, a former United States Marine Corps officer and Naval aviator. A7 designs, engineers, and produces state-of-the-art products, systems, and solutions that enhance safety, enhance performance, enhance survivability, and increase utility.

**A7 Defense & Aerospace**, a division of Angel 7 Industries, specializes in state-of-the-art products and solutions for military, state, and government agencies – developing and manufacturing products and solutions that are designed to protect and increase the survivability of individual operators with special emphasis on foundational technologies that are multi-capable, adaptable to varying mission requirements, and to constantly evolving threats.
